Seafood Processing Salt

Intended for use in the seafood industry.

Gulf Shore Boat & Boil® Salt

Intended for a variety of end-uses. It can be used on the shrimp boat to separate shrimp from the undesirable fish. It can also be used in the kitchen for the preparation of the catch. Contains yellow prussiate of soda as an anticaking agent.

Seafarer's® Salt

A fine rock salt, mined from underground halite deposits, then crushed and screened to a fine particle size. Recommended for use as a freezing point lowering agent for preserving seafood on ice. Additive free.

North Pacific Boat & Shore® Salt – Coarse

Primarily used in the seafood industry for brine makeup. Contains no anticaking or free-flowing additives or conditioners.

North Pacific Boat & Shore® Salt – Medium

Primarily used for brine makeup and in certain smoked cures. Contains no anticaking or free-flowing additives or conditioners.

North Pacific Boat & Shore® Salt – Extra Fine

Primarily used for brine makeup and in certain smoked cures. Contains no anticaking or free-flowing additives or conditioners.
