

Directions from Denver International Airport

Take airport exit to Peña Blvd, west.

Take C470 exit, Fort Collins, north. ***This is a toll road so make sure that you let the car rental agency know that you will be driving on this road as they will add the cost to your rental agreement.***

Take I-76 East. C470 will automatically exit onto I-76 east so just stay on the road.

You will drive ~65 miles into Fort Morgan. The fourth exit for Fort Morgan is Exit 82, or Barlow Road. You will see the Comfort Inn and a Wal-Mart. Get off on this exit.

To get to the plant, turn right on the Barlow Road exit, traveling south. You will pass through two stoplights, going south. The second stoplight is Platte Avenue or Highway 34. Continue on Barlow Road and you will notice a big concrete complex about ¼ mile down the road on the right hand side. That is Cargill Meat Solutions.

Cross over the railroad tracks and take the first right hand turn that you can off of Barlow Road. You will be on Gateway Avenue. This will loop around (past the trucking entrance) and turn into Burlington Avenue. You will see the employee entrance and a big parking lot. Turn right into the lot. Go to the arm gate for the visitor and management parking area. Push the button and the receptionist will open the gate for you. You can park in any visitor or open spot.

Enter the brick building, the Administration Building on the South side and let the Receptionist know who you are at the plant to see. She will contact that person and they will walk you through the security process.

Please dress casually. We wear nice jeans and button down/polo type shirts.
