

Diamond Crystal® Hardi-Cube® Compacted Salt

Marketing Information

Made with up to 99.8% pure salt, this premium-purity softener salt has a uniquely compacted shape for extra hardness. Virtually 100% water soluble, it is specially formulated to resist mushing and bridging in the brine tank- helping to keep your softener clean and trouble-free.

The Red-Out® formula product also contains a highly effective rust remover which helps to prevent rust stains on laundry and household fixtures.

Recommended for use in most water softeners. Available in limited areas.

| Product (all items in poly bags) | Item No. | SAP Description | Pallet | Pallet Pattern (tiers) | Pallet Dimensions (inches) | Product & Pallet Weight | Package Cube (cubic ft.) | Package Dimension (inches)* | UPC Code | GTIN Base Unit | GTIN Pallet |

Technical Information

Description

These products are acceptable for regeneration of water softener ion exchange resins and conforms to the requirements of NSF/ANSI/CAN Standard 60 - Drinking Water Treatment Chemicals – Health Effects and also meets the AWWA Standard for Sodium Chloride B-200. These products are intended for use in both household and commercial water softeners and can be utilized effectively in most water softening units. These products contain no known allergens and exhibit virtually no microbiological activity.

Additives

Diamond Crystal® Hardi-Cube® may contain Sodium Hexametaphosphate (SHMP) which improves resistance to mushing and bridging. SHMP is GRAS (generally recognized as safe) by the US Food and Drug Administration.

Diamond Crystal® Hardi-Cube® Red•Out® contains citric acid, an iron complexing agent that helps prevent rust discoloration.

Chemical Analysis

| Component | Units | Typical | Specification |
|-----------------------|-------|---------|---------------|
| Sodium Chloride (dry) | % | 99.8 | 99.7 min. |
| Water Insolubles | ppm | 5 | |
| Citric Acid* | % | 0.35 | |

*Red•Out® product only.

Methods of Analysis

Methods of analysis are based on ASTM E 534, AWWA B 200, and Cargill internal methods.

Producing Locations

This product is manufactured and packaged at Cargill Salt Akron, OH, Hersey, MI, and St. Clair, MI facilities. Product of the USA.
