

**LESS IMPACT ON THE ENVIRONMENT.  
LESS IMPACT ON YOUR BUDGET.**

## **MANUFACTURER'S RECOMMENDATIONS**

- ClearLane® enhanced deicer is a non-leaching product. The liquid treatment used is water soluble and therefore should be kept under covered storage.
- Blending salt or sand to the product will reduce its effectiveness against scatter.
- Providing superior snow-fighting and effective winter maintenance services requires great expertise and the ability to identify effective application methods. Customers who use this product find they can use between 20-40% less product when compared to rock salt. For best results, use straight ClearLane® enhanced deicer at application rates that show the most effective performance.
- This product is intended for bulk deicing use only. It should not be packaged for any purpose, including for re-sale.
