How we work to nourish the world

At Cargill, we provide food, ingredients, agricultural solutions and industrial products to nourish the world in a safe, responsible and sustainable way. We connect farmers with markets, customers with ingredients, and families with daily essentials.

How we make a difference

Making connections

Sitting at the heart of the supply chain, we bring people together to make the world's food and agriculture system more sustainable, resilient and accessible.

Bringing perspective

With over 158 years of experience, we offer trusted expertise and a long-term view, so we can do the right thing — today and for generations to come.

Thinking ahead

Through purposeful innovation, we help people overcome challenges and embrace opportunities to empower healthy growth.

Partnering sustainably

Our teams bring their passion and expertise to build sustainable supply chains that benefit people, our customers and the planet we share.
