European Development Days 2016: delivering multiple SDGs through the Cargill Cocoa Promise

Increasingly, companies in the private sector are making a conscious effort to work towards the United Nations (UN) Sustainable Development Goals (SDGs). Cargill Cocoa & Chocolate's cocoa sustainability strategy focuses on multiple SDGs. We outlined five key lessons we have learnt through delivering the Cargill Cocoa Promise at the recent European Development Days 2016.

Coming soon! Look out for your copy to help you get a head start on your next innovation.

Certified sustainable Gerkens® Asian cocoa powder now available

Cargill Cocoa & Chocolate can now meet growing customer demand in Asia and EMEA for certified, sustainable products from one of our newest production facilities, located in Gresik, Indonesia. The Gresik plant received UTZ certification within a year and a half of opening and is already shipping UTZ certified products out to its customers.

Delivering excellence through mutual contract commitment

At Cargill we are always looking for ways to better serve you, our customers. That is why we are now improving the follow-up of contracts for chocolate, coatings and fillings in response to increased demand and in line with common industry practice. We know from many years of experience in cocoa butter and liquor that contract commitment makes good business sense because it means we can execute as committed on period, price and quantity.
