

Product Description

CMF® Brand Salts

These materials are food grade, granular, white crystalline sodium chloride manufactured under stringent process control procedures.

Product Application

CMF® Brand Salts

These materials are intended for a variety of end-uses, particularly those where alkaline earth metals (e.g., calcium and magnesium) and heavy metals (metallic impurities colored by sulfide) must be kept to a minimum. These products contain less than 50 ppm calcium and magnesium. Food uses include the manufacture of mayonnaise, salad dressing, margarine, conventional churn butter, canning delicate vegetables such as peas, lima beans and tomatoes, and canning high acid and pickled vegetables. CMF® Granulated Salt contains no anticaking or free-flowing additives or conditioners. CMF® Flo-Ever® Granulated Salt contains Yellow Prussiate of Soda to improve caking resistance.

Product Certifications

Cargill® CMF® salts meet USDA, FDA and Food Chemicals Codex for food use.

Cargill® CMF® salts are certified Kosher for Passover (OU-P) by the Orthodox Union.

Allergen Status

In accordance with the 2004 USA Food Allergen Labeling and Consumer Protection Act (FALCPA), no allergen declarations are required for this product.

Storage and Shelf Life

Salt products do not have a shelf life in the traditional sense. Salt will not spoil or support pathogenic growth. Please see the following information regarding Shelf Life, Caking Resistance, and Storage conditions:

Shelf Life: Indefinite

Caking Resistance: Caking resistance varies depending on the crystal size, additives and storage conditions. End use application should be taken into consideration when determining acceptable product life in regards to caking resistance. CMF® Granulated Salt has an estimated caking resistance of 3-6 months. CMF® Flo-Ever® Granulated Salt has an estimated caking resistance of 9-12 months.

Storage Conditions: To improve caking resistance, product should be stored in a dry, covered area at humidity below 75%.

Physical Information

CMF® Granulated Salt

PHYSICAL	MIN	TARGET	MAX
NaCl (%)	99.95	99.97	100

Why Cargill?

- Salt products are an integral part of Cargill – one of the world's largest food ingredient providers and a recognized leader in the food processing industry.
- Our products go well beyond standard and high purity salt: Our Alberger® brand, CMF®, Premier™, CMF®, sea salts, and our sodium reduction solutions such as Potassium Pro® and FlakeSelect®, make up the most extensive product line in the Industry.
- All products are produced under HACCP manufacturing practices and audited by a third party food safety firm.
- We offer full EDI capabilities for customers who need to exchange information via Electronic Data Interchange and the only online ordering portal in the industry, www.cargillsaltstore.com.
- Cargill's nationwide distribution capabilities, combined with the best logistics and customer service specialists in the business, ensure that you get the right salt at the right time.
