Pro’s Pick®
Professional Grade Salt Pellets

Helps keep softeners clean and trouble-free. These high-purity pellets are made from typically 99.7% pure salt. Pro’s Pick® Professional Grade Salt Pellets contain a patented additive to help prevent mushing and bridging in the salt keeper.

Offered exclusively to dealers, this product is NSF-certified to ensure premium quality. It is recommended for most types of softeners. Available in limited areas.

Technical Information

Description

These products are acceptable for regeneration of water softener ion exchange resins and conforms to the requirements of NSF/ANSI/CAN Standard 60 - Drinking Water Treatment Chemicals – Health Effects and also meets the AWWA Standard for Sodium Chloride B-200. These products are intended for use in both household and commercial water softeners and can be utilized effectively in most water softening units. These products contain no known allergens and exhibit virtually no microbiological activity.

Additives

Pro’s Pick® Professional Grade Salt Pellets may contain Sodium Hexametaphosphate (SHMP) which improves resistance to mushing and bridging. SHMP is GRAS (generally recognized as safe) by the US Food and Drug Administration.
