

Chemical Grade Salt - Bulk

Product Description and Application

Chemical Grade Salt - Bulk

This product is a coarse screened, sodium chloride salt crystallized by solar evaporation. The crystallized salt is washed to remove surface impurities and drained of excess moisture. This product contains no additives.

The product is acceptable for regeneration of water softener ion exchange resins and meets AWWA B200 Standard for Sodium Chloride and is certified to NSF/ANSI/CAN Standard 60 Drinking Water Treatment Chemicals – Health Effects.

This product is not approved for human or animal consumption and is intended for use only in chemical or industrial applications.

This product is intended for a variety of industrial uses including:

- Chlor-alkali industry
- Water Treatment
- Snow and Ice removal
- Hide Curing

Methods of Analysis

Methods of analysis are based on ASTM E 534, AWWA B200 and Cargill internal methods.

Producing Locations

This product is produced at Cargill Salt, Timpie, UT. Product of the USA.
