472 Avenue & Highway 2A	High River	AB	T1V1P4	Canada	No

And Creekstone Farms Premium Beef LLC, located at 604 Goff Industrial Park Road, Arkansas City, KS.

According to the North American Renderers Association (NARA), rendering is the recycling of raw animal tissue from food animals, and waste cooking fats and oils from all types of eating establishments into a variety of value-added products. Beef Tallow goes through the normal rendering process. During the rendering process, heat, separation technology, and filtering are applied to the material to destroy microbial populations, remove moisture, extract fat from the protein, and remove moisture and proteinaceous material from the fat.

Cargill's Animal Fats (Beef Inedible Tallow, Bleachable Fancy Tallow, and Beef Technical Tallow) products are considered by the Environment Protection Agency (EPA) to be a "food waste", with an energy of 16,200 BTU / lb, listed as renewable biomass/fuel materials and animal biproducts according to 40 CFR 80.1401. These products fully meet all regulations and requirements set forth under 40 CFR 80.1401, 40 CFR 80.1426(f)(5)(i), and 40 CFR Subpart M. Cargill's Animal Fats are not in any part renewable fuel for which RINs have been generated.

Cargill's Animal Fats (Beef Inedible Tallow, Bleachable Fancy Tallow, and Beef Technical Tallow) products are listed as a Specified Source Feedstocks according to Title 17 CCR § 95481(9) and § 95488.8(g)(1)(A). Cargill also complies with FSMA's Sanitary Transportation Rule to prevent any contamination and guarantee the Chain of Custody during transportation which meets all criteria of § 95488.8(g)(1)(B). Bill of Landing (BOL) contains information to fully meet all Feedstock Transfer required documents per § 95488.8(g)(1)(C). Records are maintained following Cargill's RIM policies which meet and exceeds § 95488.8(g)(1)(B)(1).

The tallow produced at the above plants is composed entirely of non-cellulosic materials.

**Claims:** *The labeling, substantiation and decision making of all claims for your products is your responsibility. We recommend you consult regulatory and legal advisors familiar with all applicable laws, rules and regulations prior to making labeling and claims decisions.*
