

Turkey Product Satisfaction Information

Animal Protein North America

Turkey

Thank you for requesting general information regarding product satisfaction initiatives regarding Cargill turkey products. For purposes of calculating age of a particular poultry product, consider day zero as the date of production/pack. The dates contained here are recommendations only considering all proper cold chain and product handling is followed by customers and/or consumers once product leaves Cargill's control. This is not a shelf life guarantee; stated shelf life guarantees shall be clearly displayed on the product and/or box label.

Product Satisfaction Information

Our production code dating system on external product packaging consists of the production pack date, with the exception of whole birds that have a Kill Date or Julian Date. Examples of lot codes are below:

Example 1: Packed on Apr 24, 2012

Example 2: Packed Date 08/27/2020 Whole

Bird Example: Kill Date 08/27/2020

Frozen bird example: 288122021382 [288=Julian Date, 1=Last digit of current year, 2=plant code
20=boxing station, 21382=Sequential number unique for every box]

Proper product handling and cold chain management begins with us, the manufacturer. You and your customers also

play key roles in maintaining the chain of product freshness and shelf life. Maintaining product quality requires **time** and **temperature** management. Keeping poultry **consistently cold** and **in the proper packaging** are also key to maintaining optimal quality and freshness. Temperature control devices are designed to maintain product temperatures, fresh product should always be maintained below 40°F, and frozen product should be at or below 0°F (-17.4°C).

Stated package dating overrides any guidelines stated by this letter. Additionally, product guarantees are not valid when the product is handled and/or stored outside the intended recommendations. Cargill reserves the right to review all refrigeration and product rotation records prior to settling any claims which might result from the stated guarantee on the package. Frozen products that are thawed and refrozen or removed from original intact packaging shall not carry a guarantee

Claims: *The labeling, substantiation and decision making of all claims for your products is your responsibility. We recommend you consult regulatory and legal advisors familiar with all applicable laws, rules and regulations prior to making labeling and claims decisions for your products.*
