Church lights/Grave lights

NatureWax® vegetable oil candle wax is a more sustainable alternative to paraffin wax. Sourced from non-petroleum-based ingredients, it provides the candle maker with a more reliable long-term supply solution.

Advantages

- Consistent performance over a wide range of ambient temperatures
- Long and reliable burn times
- Suitable for filling processes using votator / pre-cooling technologies
- 100% vegetable-based

Products

- NatureWax® 41-70
- NatureWax® 635-41
- NatureWax® 635-43
