Floraesters® 15

The stable, functional liquid emollient

Origin:
• INCI: Jojoba Esters
• Jojoba (Simmondsia chinensis)
• Jojoba esters originate from jojoba, a plant native to the Sonoran Desert

Traceability:
• The jojoba plant requires very little water and can be grown on land that is often unsuitable for other types of crops
• Mainly sourced from Chile, Israel, Peru and the United States

Benefits & Functions:
• Provides cushiony, smooth non-greasy sensory feel
• Improves pigment wetting and payout
• Low color and odor
• Provides high spread and high slip
• Enhances consumer preference

Uniqueness:
• Floraesters 15 is a liquid emollient that is 100% nature derived from jojoba, a plant originally native to the Sonoran Desert
• Jojoba oil is nature’s only botanical source of liquid wax esters and is very similar to sebum found on the skin and scalp
• Floraesters 15 is especially useful in color cosmetics and sun care products where high pigment and dry particle loading require dispersion stability

Technical data:
• Liquid emollient
• Liquid at or above 25°C
