SECTION 1: Identification

Product Identifier

Product Name: CocoaDesign™ L

Recommended Use of the Product and Restriction on Use

Relevant Identified Uses: Cosmetic and personal care
Uses Advised Against: Not determined or not applicable.
Reasons Why Uses Advised Against: Not determined or not applicable.

Manufacturer or Supplier Details

Supplier:
United States
Cargill Incorporated
15407 McGinty Rd W
Wayzata, MN 55391
1-800-227-4455

Emergency Telephone Number:
WORLD (Including UK and Germany)
VelocityEHS (formerly ChemTel, Inc)
+1-813-248-0585 (International)

SECTION 2: Hazard(s) Identification

GHS Classification: Not a hazardous substance or mixture
Label elements

Hazard Pictograms: None
Signal Word: None
Hazard statements: None
Precautionary Statements:
P264 Wash hands thoroughly after handling
P401 Store away from incompatible materials
P501 Dispose of contents and container in accordance with local, regional, national, and international regulations

Hazards Not Otherwise Classified: None

SECTION 3: Composition/Information on Ingredients

The manufacturer lists no ingredients as hazardous to health.

Additional Information: None

SECTION 4: First Aid Measures

Description of First Aid Measures

General Notes:
Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

After Inhalation:
Move to fresh air. Oxygen or artificial respiration if needed. Call a physician if symptoms develop or persist.

**After Skin Contact:**
Wash off with soap and water. Get medical attention if irritation develops and persists.

**After Eye Contact:**
Rinse with water. Get medical attention if irritation develops and persists.

**After Swallowing:**
Rinse mouth. Get medical attention if symptoms occur.

**Most Important Symptoms and Effects, Both Acute and Delayed**

**Acute Symptoms and Effects:**
Direct contact with eyes may cause temporary irritation.
Ingestion of large amounts may cause laxative effects.

**Delayed Symptoms and Effects:**
Prolonged or repeated skin contact may cause drying, cracking, or irritation.

**Immediate Medical Attention and Special Treatment**

**Specific Treatment:**
Treat symptomatically.

**Notes for the Doctor:**
Treatment of exposure should be directed at the control of symptoms and the clinical condition of the patient.

---

**SECTION 5: Firefighting Measures**

**Extinguishing Media**

**Suitable Extinguishing Media:**
Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).

**Unsuitable Extinguishing Media:**
Do not use water jet as an extinguisher, as this will spread the fire.

**Specific Hazards During Fire-Fighting:**
During fire, gases hazardous to health may be formed.
Rags, steel wool, or waste contaminated with this product may spontaneously catch fire if improperly discarded.

**Special Protective Equipment for Firefighters:**
Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

**Special precautions:**
In case of fire do not breath fumes. Move containers from fire area if you can do so without risk.
Use standard firefighting procedures and consider the hazards of other involved materials.
Use water spray to cool unopened containers.
Under improper storage or disposal conditions, porous materials such as rags, insulation, or clay containing this material may spontaneously combust.
Product may burn, but does not readily ignite.

---

**SECTION 6: Accidental Release Measures**

**Personal Precautions, Protective Equipment, and Emergency Procedures:**
Keep unnecessary personnel away. For personal protection, see section 8 of the SDS.

**Environmental Precautions:**
Avoid discharge into drains, water courses or onto the ground.

**Methods and Material for Containment and Cleaning Up:**
- **Large Spills:** Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.
- **Small Spills:** Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.
- Never return spills to original containers for re-use.
- Used rags or other cleaning materials should be soaked with water and placed in a sealed container to prevent spontaneous combustion.

**Reference to Other Sections:**
- For waste disposal, see section 13 of the SDS.
- For personal protection, see section 8 of the SDS.

---

**SECTION 7: Handling and Storage**

**Precautions for Safe Handling:**
Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. Wear appropriate personal protective equipment. Wash hands after handling. Observe good industrial hygiene practices.

- Used rags or other cleaning materials should be soaked with water and placed in a sealed container to prevent spontaneous combustion.

**Conditions for Safe Storage, Including Any Incompatibilities:**
- Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).
- Recommended storage temperatures below 35°C.
- Keep away from heat, sparks and open flame.

---

**SECTION 8: Exposure Controls/Personal Protection**

Only those substances with limit values have been included below.

**Occupational Exposure Limit Values:**
- No occupational exposure limits noted for the ingredient(s).

**Biological Limit Values:**
- No biological exposure limits noted for the ingredient(s).

**Information on Monitoring Procedures:**
- Not determined or not applicable.

**Appropriate Engineering Controls:**
- Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Ensure adequate ventilation, especially in confined areas.

**Personal Protection Equipment**

- **Eye and Face Protection:**
  - Wear safety glasses with side shields (or goggles).

- **Skin and Body Protection:**
  - **Hand protection:** Wear suitable gloves. Suitable gloves can be recommended by the glove supplier.
  - **Other:** Wear suitable protective clothing.
  - **Thermal hazards:** Wear appropriate thermal protective clothing, when necessary.

- **Respiratory Protection:**
In case of insufficient ventilation, wear suitable respiratory equipment.
Respiratory type: Dust mask or air-purifying respirator with an appropriate, government approved (where applicable), air-purifying filter, cartridge or canister.

**General Hygienic Measures:**
Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

### SECTION 9: Physical and Chemical Properties

### SECTION 10: Stability and Reactivity

**Reactivity:**
The product is stable and non-reactive under normal conditions of use, storage and transport.

**Chemical Stability:**
Material is stable under normal conditions.

**Possibility of Hazardous Reactions:**
No dangerous reaction known under conditions of normal use.
High surface area exposure to oxygen can result in polymerization and release of heat.

**Conditions to Avoid:**
Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. Contact with
CocoaDesign™ L

incompatible materials.
High surface area exposure to oxygen can result in polymerization and release of heat.

**Incompatible Materials:**
Strong oxidizing agents.

**Hazardous Decomposition Products:**
Carbon monoxide, carbon dioxide.

### SECTION 11: Toxicological Information

**Acute Toxicity**

**Assessment:** Based on available data, the classification criteria are not met.

**Product Data:**

<table>
<thead>
<tr>
<th>Route</th>
<th>Result</th>
</tr>
</thead>
<tbody>
<tr>
<td>Oral</td>
<td>LD50 Rat: 7656 mg/kg</td>
</tr>
<tr>
<td>Dermal</td>
<td>LD50 Rat: &gt;2000 mg/kg (Based on similar material. No deaths occurred at this concentration.)</td>
</tr>
</tbody>
</table>

**Substance Data:** No data available.

**Skin Corrosion/Irritation**

**Assessment:** Based on available data, the classification criteria are not met.

**Product Data:**

Brief skin contact is non irritating.

**Substance Data:** No data available.

**Serious Eye Damage/Irritation**

**Assessment:** Based on available data, the classification criteria are not met.

**Product Data:**

Direct contact with eyes may cause temporary irritation.

**Substance Data:** No data available.

**Respiratory or Skin Sensitization**

**Assessment:** Based on available data, the classification criteria are not met.

**Product Data:**

Skin sensitization: Did not demonstrate the potential for allergic skin reaction when tested in vitro (OECD 442E).
Respiratory sensitization: No relevant data found.

**Substance Data:** No data available.

**Carcinogenicity**

**Assessment:** Based on available data, the classification criteria are not met.

**Product Data:**

This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

**Substance Data:** No data available.

**International Agency for Research on Cancer (IARC):** None of the ingredients are listed.

**National Toxicology Program (NTP):** None of the ingredients are listed.

**OSHA Carcinogens:** Not applicable

**Germ Cell Mutagenicity**

**Assessment:** Based on available data, the classification criteria are not met.

**Product Data:**
For similar material, in vitro genetic toxicity studies were negative.

**Substance Data:** No data available.

**Reproductive Toxicity**

**Assessment:** Based on available data, the classification criteria are not met.

**Product Data:**
No data available.

**Substance Data:** No data available.

**Specific Target Organ Toxicity (Single Exposure)**

**Assessment:** Based on available data, the classification criteria are not met.

**Product Data:**
Not classified.

**Substance Data:** No data available.

**Specific Target Organ Toxicity (Repeated Exposure)**

**Assessment:** Based on available data, the classification criteria are not met.

**Product Data:**
Repeated skin contact may cause drying, cracking, or irritation.

**Substance Data:** No data available.

**Aspiration toxicity**

**Assessment:** Based on available data, the classification criteria are not met.

**Product Data:**
Not an aspiration hazard.

**Substance Data:** No data available.

**Information on Likely Routes of Exposure:**

Eye contact: Direct contact with eyes may cause temporary irritation.

Ingestion: May cause gastrointestinal upset.

Inhalation: No adverse effects are anticipated from single exposure. Vapor or mists from heated material or spraying may cause irritation to the respiratory tract.

Skin contact: Brief contact is non irritating to skin.

**Symptoms Related to the Physical, Chemical, and Toxicological Characteristics:**

Eye contact may cause itching, tearing, and redness.

Exposure may cause coughing or sneezing.

Swallowing may cause laxative effects.

**Other Information:**
Not expected to be acutely toxic.

---

**SECTION 12: Ecological Information**

**Acute (Short-Term) Toxicity**

**Assessment:**
Not expected to be harmful to aquatic organisms. No toxicity observed above water solubility. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

**Product Data:** No data available.

**Substance Data:** No data available.

**Chronic (Long-Term) Toxicity**

**Assessment:** Based on available data, the classification criteria are not met.

**Product Data:** No data available.

**Substance Data:** No data available.

**Persistence and Degradability**
Product Data:
  Readily biodegradable: 75.5%, 28 days (OECD 301F)

Substance Data: No data available.

Bioaccumulative Potential
  Product Data: No data available.
  Substance Data: No data available.

Mobility in Soil
  Product Data: No data available.
  Substance Data: No data available.

Results of PBT and vPvB assessment
  Product Data:
    PBT assessment: This substance is not PBT.
    vPvB assessment: This substance is not vPvB.

Substance Data:
  PBT assessment: This product does not contain any substances that are assessed to be a PBT.
  vPvB assessment: This product does not contain any substances that are assessed to be a vPvB.

Other Adverse Effects:
  No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

SECTION 13: Disposal Considerations

Disposal Methods:
  Disposal instructions: Collect and reclaim or dispose in sealed containers at licensed waste disposal site.
  Local disposal regulations: Dispose in accordance with all applicable regulations. Hazardous waste code: The waste code should be assigned in discussion between the user, the producer and the waste disposal company. Waste from residues / unused products: Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

Contaminated packages:
  Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.

SECTION 14: Transport Information

SECTION 15: Regulatory Information

United States Regulations

- **Inventory Listing (TSCA):** None of the ingredients are listed. Cosmetic and personal care.
- **Significant New Use Rule (TSCA Section 5):** None of the ingredients are listed.
- **Export Notification under TSCA Section 12(b):** None of the ingredients are listed.
- **SARA Section 302 Extremely Hazardous Substances:** None of the ingredients are listed.
- **SARA Section 313 Toxic Chemicals:** None of the ingredients are listed.
- **CERCLA:** Not determined.
- **RCRA:** Not determined.
- **Section 112(r) of the Clean Air Act (CAA):** None of the ingredients are listed.
- **Massachusetts Right to Know:** None of the ingredients are listed.
- **New Jersey Right to Know:** None of the ingredients are listed.
- **New York Right to Know:** None of the ingredients are listed.
- **Pennsylvania Right to Know:** None of the ingredients are listed.
- **Additional information:** Not determined.

SECTION 16: Other Information

**Abbreviations and Acronyms:** None

**Disclaimer:**

All statements, technical information and recommendations contained herein are, the best of our knowledge, reliable and accurate; however no warranty, either expressed or implied is made with respect thereto, nor will any liability be assumed for damages resultant from the use of the material described. It is the responsibility of the user to comply with all applicable federal, state and local laws and regulations. It is also the responsibility of the user to maintain a safe workplace. The user should consider the health hazards and safety information provided herein as a guide and should take the necessary steps to instruct employees and to develop work practice procedures to ensure a safe work environment. This information is not intended as a license to operate under, or a recommendation to practice or infringe upon any patent of this Company or others covering any process, composition of matter or use.

**Initial Preparation Date:** 04.01.2023

**Revision date:**
