Pink Himalayan Salt Untreated

This material is intended for a variety of end-uses. Food uses include topping baked goods, crackers and snack foods, flavoring and preserving cheese, meat and poultry products, and blending with spices, seasonings, soup bases and gravy mixes.

Note: purity calculated prior to conditioning. Note: Sieve analysis is reported as percent retained. Note: Bulk Density is reported as loose (uncompacted).

Pink Himalayan salts are mined from ancient salt deposits found in the Punjab region of the Pakistani Himalayan Mountains. This material is a food grade, granular, crystalline sodium chloride product manufactured under stringent process control procedures.

Salt crystals naturally vary in color from white to dark pink. This material contains no anticaking or free-flowing additives or conditioners.

This material is available in 50 lb bags.

Product Certifications

Methods of analysis are taken from ASTM E 534-98, AWWA B200-03 and Cargill.

This material is of food grade quality, complying fully with the Federal Food Drug and Cosmetic Act.

Cargill® Pink Himalayan salts are certified Kosher for Passover (OU-P) by the Orthodox Union.

Cargill® Pink Himalayan salts are certified Halal.

Allergen Status

In accordance with the 2004 USA Food Allergen Labeling and Consumer Protection Act (FALCPA), no allergen declarations are required for this product.

Storage and Shelf Life

Salt products do not have a shelf life in the traditional sense. Salt will not spoil or support pathogenic growth. Please see the following information regarding Shelf Life, Caking Resistance, and Storage conditions:

Shelf Life: Indefinite

Caking Resistance: Caking resistance varies depending on the crystal size, additives and storage conditions. End use application should be taken into consideration when determining acceptable product life in regards to caking resistance. This is an untreated product and may cake over time.

Storage Conditions: To mitigate caking, this product should be stored in a dry, covered area at humidity below 75%.
